With our recent expansion to a three-day festival featuring on site camping, late night shows and a world class entertainment lineup, the festival has grown to become the premier event of its kind — a three-day progressive lifestyle and music event promoting healthy living for people and the planet.

The 2009 Harmony Festival features performances from: Michael Franti & Spearhead, India.Arie, CAKE, Matisyahu, Steve Kimock, Pepper, ALO, The Orb and Balkan Beat Box, with more to be added. The complete performer line-up is available on <http://www.harmonyfestival.com>

Harmony is celebrating the 10th anniversary of the Techno–Tribal Community Late Night Dance as well as other exciting night show activities including many other socially conscious artists, performers, and speakers.

2009 will also feature the introduction of the first annual Rude Boyz Present “ECO Cup” with some of the world's best skaters and bands like the legendary Dead Kennedys in their exclusive 2009 appearance. Additionally we will be offering exclusive celebrity and musician meet and greets."
